BRIEF.

—More snow last night.

—The Rifles reception this evening.

—Patsy Griffin was given twenty days in the county jail by Judge Patten to-day.

—Several sleighing parties from this city will visit the Janesville grange hall this evening.

—The Bower City Rifles have their armory tastefully decorated for their annual reception this evening.

—Attention of the public is called to the sale of the Doty Works, which will take place on the third day of February next.

—Mr. John Watson stopped operations to-day at Monterey, where he has been engaged for some time in making excavations for the new cotton factory, but will begin work again early in the spring.

—Marshal Hogan was compelled to take Patsy Griffin to the Harper house last night. He was on another of his regular burials, and was creating considerable commotion on West Milwaukee street, when captured.

—There are many things to try the patience of the people this winter—sudden cold changes, and numerous cases of pneumonia; and now comes Uncle Tom's Cabin. Misfortunes never will be content to come alone.

—Janesville Commandery, Knights Templar, returned from Evansville last evening at eight o'clock, whether they went to attend the funeral of the late D. H. Martell, who was buried in that village yesterday afternoon.

—The La Crosse fire department responded to twenty-one fire alarms during the past year, and that department had about the same amount of work to perform as the Janesville department. The heaviest loss was only \$4,900, which occurred in a brewery.

—Think of it! The combined dramatic and managerial talent of the world never produced a play which has been so successful as Hazel Kirke. The 2,000 consecutive representations are evidence of this fact. It will be performed at Myers' opera house next Monday evening.

—The circuit court to-day was occupied with the case of Smith vs. first national bank, involving the rent of water power at the lower dam. Messrs. A. Hyatt Smith and John W. Sale are the attorneys for plaintiff, and Hon. S. U. Finney and Wm. Rager for the defendants.

—Mr. T. J. Emmons was before the municipal court to-day on the charge of forgery; he waived an examination, and the trial was set for the 23rd inst. the defendant giving bail in the sum of \$350. The complaining witness is T. S. Nolan, who charges Emmons with forging an order on the county treasurer for four dollars, the witness fees of a man named Sherman, in Beloit.

—Miss Edna E. Withington, of this city, and Mr. Herman E. Dick, of Moline, Illinois, were married last evening at the residence of the bride's father, Mr. Charles B. Withington. The ceremony was performed by the Rev. D. F. Davies, of the Congregational church. There was a large number of invited guests, and the presents were numerous, handsome and costly. The couple left for Madison last night. After visiting Milwaukee and Chicago, they will settle at Moline, where Mr. Dick is connected with the Deere manufacturing company.

—Chief Engineer Kelly makes a good suggestion, that while the county officials are looking for work for the tramps sentenced to hard labor in the county jail, that a few of them, (the tramps, not officials) be employed to clear away the snow and ice from the bridges, and the first and third ward reservoirs so that the fire department would not be compelled to waste time in getting to work if they were called upon in case of fire. He suggests that the highway, street and bridge committee, investigate the matter, and report at some future time.

—There was quite a little excitement at the corner of Jackson and West Milwaukee streets last evening, caused by the loud talk of a vendor of cloth and a man from the country, who were endeavoring to strike a bargain. The peddler offered to trade cloth enough for a suit of clothes for one of the countryman's horses, the bargain was closed, and after the exchange of property had taken place, a large crowd congregated to see the peddler get away with his horse, the excitement grew intense over the question as to who had made the best bargain, and the boys had considerable fun, which caused almost a knock-down between parties, when Marshal Hogan appeared and dispersed the crowd.

The Weather.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS.

For the same hours one year ago the register was at zero, and 26 degrees above.

WASHINGTON, Jan. 18, 1 a. m.—The following are the indications for to-day:

—There will be a meeting of the Janesville Horticultural Society on Monday afternoon next, at 3 o'clock, at the office of the secretary, for the purpose of electing officers for the ensuing year, and the transaction of such other business as may come before the meeting. The members of the Janesville society have been anxious to disband and organize a county horticultural society, and have called several meetings for that purpose, but one of which has been attended by any number of persons interested in affairs pertaining to such an organization, other than the regular members of the city society, and the members of the Janesville society are now convinced that it is useless to further agitate the formation of a county society at this time. Therefore they will meet as stated above, and elect officers of the Janesville society, for the purpose of keeping up the organization. They stand ready, however, to join hands at any time and help organize a county society, whenever a sufficient number of the citizens of Rock county will manifest that such a move can be made permanent and successful.]

Hazel Kirke.

On Monday next the opera house should be crowded to its utmost capacity by witnesses in attendance on the presentation of perhaps the greatest play of modern times, "Hazel Kirke," the same to be produced by a company with the same scenery and properties that brought it celebrity at the famous Madison Square theatre in New York. The extraordinary run of this extraordinary piece has attained the still more extraordinary "age" of over two thousand consecutive performances, and public interest in the play does not show the least sign of abatement. The cast is stronger than ever which will make this remarkable play all the more interesting.

Hope for Drunkards.

My husband had drunken habits he could not overcome until Parker's Ginger Tonic took away his thirst for stimulants, restored his energy of mind and gave him strength to attend to business.—Cincinnati Lady.

Maggie Mitchell as Fanchon.

The sale of reserved seats for the Maggie Mitchell performance which takes place next Tuesday evening, began at Prentice and Evenson's this morning, and the expectation that there would be a large sale on the first day was fully realized. Seats went off rapidly, and the prospects are that every seat in the dress circle and parquet will be sold in advance. This performance will mark an important event in the history of the stage in Janesville. Maggie Mitchell has never been here, and her fame and her name will attract one of the largest and most fashionable audiences ever seen at the opera house. Fanchon, to the theatre-goers, must ever be associated among their fondest recollections, and Maggie Mitchell must always go with that recollection. In her hands the play becomes a power, and that those who have never seen it, can little imagine. For years and years she has played Fanchon in every state in the union and in every city of note, and yet with the advancing years neither the play nor the player seems to grow old. So long as Maggie Mitchell can walk the stage Fanchon will be as fresh as the sweetest flower, and she the only Fanchon, for they are one and inseparable.

Personal.

A New Firm.

Messrs. J. B. LaGrange, C. J. Shottle, Major Horton and George VanKeuren have formed a copartnership under the firm name of the Central Carriage Works, and will locate in the buildings now occupied by the single center spring company, corner of Dodge and River streets, west side. The new firm have purchased of the single center spring company all their tools, machinery, fixtures, and all stock not strictly center spring stock. They will carry on a general business in the manufacture of wheeled vehicles and the gears and other work of the single center spring company; and besides this they will do general repairing and painting. This firm is a good and strong one, every member being a first-class man in the business. As painters, Messrs. J. B. LaGrange and George Van Keuren are not excelled by any in this county, as the many specimens of their artistic work in this city will bear ample testimony. Mr. C. J. Shottle is one of the best wood workers, and has had a long experience in carriage building in Janesville. Mr. Horton has the reputation of being one of the best vulcanizers at the forge. The Central carriage works will commence business at the above location at once, and under the most flattering prospects for success, and there is no reason why their efforts to control a large patronage should not be abundantly rewarded. The single center spring company will retain the axle gauge and center spring business, and will do business as heretofore, at the old stand.

Seek No Further.

It is said an old philosopher sought an honest man with a lighted lantern, and humanity has since been seeking a honest medicine by the light of knowledge. It is length found this Dr. Jones' Red Clover Tonic, which cures all diseases of the blood, removes pimples, and acts promptly upon the liver and urinary organs. Only 50 cents a bottle, to be sold at Stearns & Baker's.

OBITUARY.

JOHN H. POOLE.

At half-past one o'clock on Thursday afternoon, Mr. John H. Poole, of Turtle, Rock county, died in the 70th year of his age. Mr. Poole was an old settler in the town of Turtle, and highly respected by a wide circle of friends, who will be saddened to learn of his demise. From a biographical sketch of Mr. Poole, published in the history of Rock county, we learn that he "was born in Johnston, Fulton county, New York, April 29th, 1812; son of Abraham Poole, who was a farmer and of the old Vanderpoole family, one of the first families to settle in New York from Holland. He commenced the hotel business at Johnston in January, 1830, and carried it on successfully for sixteen years, and was well known throughout that part of the State. He also served as under sheriff at one time. He afterward moved to Hebron, McHenry county Ill., and then came to Turtle, where he has since resided. He was married February, 1840 to Elizabeth Winne, daughter of Garrett Winne, a wealthy New York farmer."

The deceased leaves, besides his widow, six children: Mrs. Pliny Norcross, of this city; Abraham Poole, of Chicago; Garrett Poole, of Kansas; Henry Poole, of Milwaukee; and Charles J. Poole and John Poole, who will have the deep sympathy of many friends on account of their irreparable loss.

The Latest Tramp Trick.

It is amusing, sometimes, to witness the tricks resorted to by the army of vagabonds and tramps who infest the country, living upon the hard earnings of honest people. The latest trick is the old soldier dodge, which was successfully played on the good people of La Crosse, but was finally exposed. The Republican Leader thus describes the fraud:

"A fraud calling himself Harry Maynard about forty-five years old, has been visiting the towns in the Northwest, representing himself to be an old soldier, who was shot thirteen times during the late war and at its close was held a prisoner by the Mexican Government for nineteen years; so well does he tell his story, and present a bandaged wound, on his stomach still discharging blood, that people hand him money as though it possessed no particular value. This morning Chief of Police Hatch, assisted by 'Dr. Littlejohn' examined this fraud, and to learn that his wound was made to nature by using a piece of 'bloody liver' and the burned powder marks, were made by a liberal use of stove blacking and grease."

Judge Howe gave the rasal ninety days, during which time he can write up a history of the rebellion."

"TEARFUL" is very new. Makes your teeth as white as mine. Try "TEARFUL" and you will see. It is not what "it" says, but what it does. Price 25 and 50 cents. Sold by Prentice & Evenson.
